

Web Developer Intern

Status: Summer Internship (Approximately 40 hours a week for 12 weeks – TBD based on Canada Summer Jobs approval)

Working Days: Typically Monday - Friday; a spirit of flexibility is expected

About The Meeting House

We feel God is calling us into a new vision: *Introducing spiritually curious people to the Jesus-centred life through a movement of Jesus-centred churches*. What does that mean? Through our Meeting House sites and expressions across Southern Ontario and the Jesus Collective network, our desire is to honour God by proclaiming the irreligious message of Jesus and fostering loving communities of fully committed Christ-followers in a way that makes sense for that local context. We are all about Jesus first, which we believe results in our values of peace, simplicity, community, and mission. We are reimagining what it would look like to be a church that is fully activated for mission and engaging the spiritually curious around us. We are committed to evangelism and kingdom growth within our existing footprint and uniting with other Jesus-centred churches to amplify our Kingdom impact beyond our footprint in ways we have not imagined before. We need people who share excitement about this spirit-led vision and want to contribute their gifts, skills, expertise, and heart to this transformation! Check out our website for more details: www.themeetinghouse.com

Role

The Web Developer Intern will work with the full-time develop and project manager to help with bug fixes for our websites and platform for The Meeting House and Jesus Collective. This individual will meet on a regular basis with the team for team building, growth, and leadership development discussion throughout the course of their internship. The goal of this internship is to provide practical, hands-on development experience.

Requirements

- Exemplify the leadership character qualities listed in 1 Timothy 3:1-7 and Galatians 5:22-23
- Fully aligned with the message, mission and ministry strategy of The Meeting House
- Excellent communication and problem solving skills
- Attention to detail is a must
- Enrolled in a web development related post secondary program that includes hands on experience
- Experience in React, TypeScript, JavaScript, AWS, DynamoDb and GitHub an asset
- Ability to learn new technologies quickly
- Ability to work independently and as part of a team
- *Based on Canada Summer Jobs criteria, the Web Developer Intern must be between ages 15-30, and priority will be given to students who are of visible minority, member of the Indigenous community and/or have a disability*

Responsibilities

- With direction and feedback, focus on bug fixes for the websites and platform of The Meeting House and Jesus Collective
- With direction and feedback, develop new features for the digital properties of The Meeting House and Jesus Collective
- Improve accessibility of the digital properties of The Meeting House and Jesus Collective
- Participate in the Be In Christ Flow Internship Program
- Participate in Communications team meetings

- Other tasks related to the scope of the role

Relationships

Reports to: Communications Project Manager

Based on Canada Summer Jobs criteria, the Web Developer Intern must be between ages 15-30, and priority will be given to students who are of visible minority, member of the Indigenous community and/or have a disability

Hiring Statement

We believe that the body of Christ is unified when each of us is encouraged, recognized, and able to serve out of our gifts, and that the church is at its best when church leadership represents the communities in which we serve. At The Meeting House, we want to do better. We strongly encourage women and men, and people of all ethnicities and abilities who love Jesus and are aligned with our vision and values, to consider applying for a staff role.

We strive to achieve equality in the workplace, which means no one will be denied employment opportunities or benefits for reasons unrelated to fit for a role. We also understand employment equity means more than treating individuals in the same way but requires special measures and the accommodation of differences. In this way, we are following Jesus in our hiring practices to create a diverse and inclusive workplace reflecting the body of Christ.
