

Three ways Go Campaign is changing because of Covid-19

1. Go is evolving from a fundraising campaign to a more holistic way to fuel our vision

Launched in 2019 as a fundraising campaign, we've recognized that Go is **who we are**. Go is about the impact created when we introduce people to the Jesus-centred life.

What will change for you?

- You will notice us capturing and sharing more stories of how you, our Meeting House family, are **going** into communities, even during the challenging season of COVID
- You will hear us talk more holistically about how all of our giving fuels our vision, including:
 - Generous giving habits that fuel our core ministries (general and compassion funds)
 - And radically generous giving to special projects where we generate even more Kingdom impact (Go fund). These are the projects that formed what we previously referred to as our Go 'Campaign'. Those haven't gone anywhere!

2. Financial adjustment

We are adapting thoughtfully in light of COVID and the financial circumstances we find ourselves in. Much like we have done in the General Fund, we are operating under a reduced budget for the projects supported by Go. Our initial \$6 million target has been adjusted to \$4.5 million

3. Timeline extended

In addition to adjusting our budgets, we have also extended our timelines for meeting financial targets to December 2023. We remain fully committed to our vision to Go, and we will be re-visiting our budgets quarterly to make necessary adjustments.

FAQs

Go Campaign Donor FAQs | November 2020

Should I continue giving to the Go Fund? Yes! The initiatives supported by Go are alive and well! The impact of your giving and participation in Go will be shared regularly on our [website](#), on the Sunday morning livestream and on social media.

I give to the General Fund. Should I keep doing that and let The Meeting House decide how to use the money? Our hope is that those giving regularly to the General Fund will continue to do so, while considering Go Campaign donations above and beyond their regular contributions. The Go Campaign will fund aspects of our vision that are not included in our ongoing general fund expenditures.

Is the Compassion Fund continuing? Compassion is a core part of who we are at The Meeting House. Yes, the Compassion Fund is continuing, and our hope is that those giving regularly to the Compassion Fund will continue to do so while considering donations to the Go Fund above and beyond their regular contributions.

I've never given money to The Meeting House before, but I would like to start. Where should I start? We would recommend giving to the General Fund to start. Thank you! Giving (of your time, talent, and finances) is a step of faith and an important part of the discipleship journey. Giving teaches us to hold our possessions loosely, focus on others, and become more like Jesus. If you would also like to give to the Go Campaign, we would be delighted to accept your contributions.

Can I give now? To give now, go to www.themeetinghouse.com/give for several ways you can offer your support.
